

## *WHAT PEOPLE ARE SAYING ABOUT GLENN ELLIS*

“Intelligent. Clear. Factual. An arbitrator of the values of holistic medicine. Glenn Ellis has very good and solid communication skills that are very helpful in getting the message of good health out ...”

**Dr. Edward Cooper**

Fmr. President  
American Heart Association

“Glenn’s insight and willingness to partner with the medical profession to help people achieve optimal health has been a blessing to me and my recovery from prostate cancer and in helping others to enhance their health. I value him as a person of the highest integrity and character.”

**Les Brown**

“The Motivator”

“As a friend and on a professional level, I hold Glenn with the highest regard. When I think of health, I think of Glenn and what makes Glenn unique is that he not only understands the meaning of love, he is lovable, and loving is what healing is all about.”

**Dick Gregory**

Author; Lecturer; Nutritionist

“I have known Glenn for a number of years, and he is a real professional. Not only does he know herbs and the nuances of medicine; he is informed in a way that builds trust and understanding. As a writer, his columns are informative, easily read and understood. Readers of our newspaper are frequently commenting about his contribution. He is an important addition to our newspaper and our readership.”

**Robert W. Bogle**

President and Publisher  
*The Philadelphia Tribune*

“Glenn Ellis is a dynamic new voice in the field of wellness lecturers. His ability to explain health terms, conditions and remedies in laymen’s terms maximizes his effectiveness.”

**Everett Staten**

Founder/CEO  
African American Cultural Expo

“Glenn’s workshops have received the highest ratings among workshop leaders. His knowledge and ability to relate relevant information regarding herbs and nutritional supplements, in addition to his knowledge of medicine, makes him a unique individual.”

**John Boyd**

Co-Chairman  
General Electric - AAF Conference

“He shares vital information regarding the nutritional value of herbs and vitamin supplements, which many scientists and physicians agree are contributing factors to healthy living.”

**Marla Davis**

Director of Community Affairs  
University of Pennsylvania Health Systems

“Glenn Ellis has spoken to the students at the University of Pennsylvania School of Medicine on several occasions. His initial presentation was so well received that he was the only panel member mentioned to return the following year. His presentation skills are incredible. He is at once able to discuss the most intricate workings of the human body in simplistic, easy-to-understand language, and in the same breath portray the patient as a real and complete person. He is an educator in the truest sense.”

**Pernell V. Williams**

Student National Medical Association  
University of Pennsylvania Medical School
